| THE PURCHASE OF THE FARM : FURTHER DEVELOPMENTS           | 19-21        |
| THE PRODUCTION OF CROPS .. .. .                           | 21-26        |
| Wheat .. .. .                                             | 22           |
| Barley .. .. .                                            | 22           |
| Sugar Beet .. .. .                                        | 22-25        |
| Potatoes .. .. .                                          | 25-26        |
| MINOR ELEMENTS IN PLANT NUTRITION .. .. .                 | 26           |
| ORGANIC MANURES .. .. .                                   | 26-29        |
| Straw .. .. .                                             | 26-27        |
| Green Manure .. .. .                                      | 27-28        |
| Poultry Manure .. .. .                                    | 28-29        |
| GRASSLAND INVESTIGATIONS .. .. .                          | 30           |
| OTHER FODDER CROPS .. .. .                                | 30           |
| LUCERNE .. .. .                                           | 30-31        |
| PLANT PATHOLOGY DEPARTMENT .. .. .                        | 31-33        |
| Mycology .. .. .                                          | 31           |
| Virus Diseases .. .. .                                    | 31-33        |
| ENTOMOLOGY .. .. .                                        | 33-34        |
| INSECTICIDES .. .. .                                      | 34           |
| STATISTICAL DEPARTMENT .. .. .                            | 34-35        |
| THE CONTRIBUTION OF ROTHAMSTED TO SOIL PHYSICS            | 35-48        |
| Mechanical Analysis .. .. .                               | 35-37        |
| Soil Reaction .. .. .                                     | 37-38        |
| Plastic Behaviour of Soil and Clay .. .. .                | 38-40        |
| Relations between Soil and its Water Content .. .. .      | 40-42        |
| Soil Properties concerned in Cultivation .. .. .          | 42-45        |
| Soil Cultivation .. .. .                                  | 45-48        |
| THE CHEMISTRY OF SOILS AND FERTILISERS .. .. .            | 48-56        |
| Soil Colloids and Ionic Exchange .. .. .                  | 48-50        |
| Changes in the Soils of Long Continued Field Trials       | 50-51        |
| " Available " Nutrients ; Phosphate and Potash .. .. .    | 51-52        |
| Soil Organic Matter and Crop Rotation .. .. .             | 52-53        |
| The Availability of Fertilisers .. .. .                   | 54-55        |
| The Composition of Crops .. .. .                          | 55           |

|                                                                         | <i>Page</i>    |

## Experimental Station Staff

*JANUARY—DECEMBER 1934.*

Director : SIR E. JOHN RUSSELL, D.Sc., F.R.S.

Assistant Director : B. A. Keen, D.Sc., F.R.S.

### **The James Mason Bacteriological Laboratory—**

|                                |       |                                                 |
|--------------------------------|-------|-------------------------------------------------|
| Head of Department             | ..    | H. G. THORNTON, B.A., D.Sc.                     |
| Assistant Bacteriologist       | ..    | HUGH NICOL, M.Sc., Ph.D., A.I.C.                |
| Post-Graduate Research Workers | .. .. | C. B. TAYLOR, B.Sc. (Agric.)<br>JOYCE E. RUDORF |
| Laboratory Assistant           | ..    | SHEILA ARNOLD                                   |
| Laboratory Attendant           | ..    | BLANCHE ROLT                                    |

### **Botanical Laboratory—**

|                                 |       |                                        |
|---------------------------------|-------|----------------------------------------|
| Head of Department              | ..    | WINIFRED E. BRENCHEY, D.Sc.,<br>F.L.S. |
| Assistant Botanist              | ..    | KATHERINE WARINGTON, M.Sc.             |
| Post - Graduate Research Worker | .. .. | ETHEL A. ROWE, B.Sc.                   |
| Laboratory Assistant            | ..    | MARJORIE MESSENGER                     |
| Laboratory Attendants           | ..    | RUTH WALKER<br>CONSTANCE HULL          |

### **Chemical Laboratory—**

|                                  |       |                                                                                                             |
|----------------------------------|-------|-------------------------------------------------------------------------------------------------------------|
| Head of Department               | ..    | E. M. CROWTHER, D.Sc., F.I.C.                                                                               |
| Assistant Chemists               | ..    | R. G. WARREN, B.Sc.<br>H. L. RICHARDSON, M.Sc., Ph.D.,<br>A.I.C.<br>SIGNE G. HEINTZE, Mag. Phil.            |
| Post - Graduate Research Workers | .. .. | S. NAGELSCHMIDT, Ph.D.<br>J. B. MARSHALL, M.Sc.<br>S. P. RAYCHAUDHURI, D.Sc.                                |
| Special Assistant                | .. .. | E. GREY                                                                                                     |
| Laboratory Assistants            | ..    | A. H. BOWDEN<br>F. J. SEABROOK<br>G. LAWRENCE<br>H. A. SMITH<br>J. W. DEWIS<br>ALICE KINGHAM<br>JOAN OAKLEY |
